FOREWORD

As we reflect on another year of impactful work at Taaleem Foundation, it is heartening to witness the enduring commitment and dedication that continues to drive our mission forward. Since our inception in 1993, Taaleem Foundation has been at the forefront of transformative social development, particularly in the most underserved regions of Pakistan. Guided by the principles of equity, inclusion, and innovation, we have consistently worked towards empowering communities through education, technology, and sustainable development. The year 2023 has been remarkable in many ways. We have made significant strides in expanding our educational outreach across Pakistan. Our e-learning initiatives, vocational training programs, and community empowerment efforts have not only shaped the lives of individuals but have also fostered sustainable development at the community level. Our commitment to climate change mitigation, social technology, and healthcare initiatives further underscore our holistic approach to development, addressing both present needs and future challenges.

Taaleem Foundation's work is made possible through the unwavering support of our stakeholders—community members, government bodies, and international partners—who share our vision of socially responsible and economically empowered communities. This year, we also deepened our partnerships with academia, opening doors for research and conservation efforts, particularly in the Pir Chinasi region of Azad Jammu and Kashmir, and we look forward to scaling these efforts in the years to come.

The challenges ahead are numerous, but so are the opportunities for growth and transformation. As we continue to innovate and adapt to the changing needs of the communities we serve, we remain steadfast in our commitment to creating a brighter, more equitable future for all.

ABOUT TAALEEM FOUNDATION

Founded in 1989 by Dr. Zafar Qadir, the Taaleem Foundation (TF) stands as a beacon of hope in Balochistan, Pakistan. This PCP-certified non-profit organization has evolved over three decades into a multifaceted force for positive change, centred around education but extending its influence across various sectors.

CHAIRMAN'S WORDS

As we conclude another year of Taaleem Foundation's journey, it fills me with immense pride to reflect on the remarkable progress we have made together. Our mission to implement social change through innovative technologies and sustainable human development remains more relevant than ever. In 2023, we expanded our reach, diversified our programs, and strengthened our impact across education, skills development, climate action, and community empowerment. My vision for Taaleem Foundation is to bring every child in Pakistan into school, ensuring that no child is left behind due to geographic or economic challenges. By scaling our e-learning solutions, skills development programs, and strategic partnerships, we aim to make quality education accessible to all. I extend my gratitude to our donors, partners, staff, and volunteers. Together, we will continue to work toward a future where education empowers every child in Pakistan.

TAALEEM FOUNDATION JOURNEY

Dr. Zafar Qadir –
Established first English
medium, co-education,
modern educational
institution in Kohlu.

2023

TAALEEM FOUNDATION: A BEACON OF SOCIAL ENTREPRENEURSHIP EXCELLENCE AND GLOBAL INSPIRATION

In June 2005, the Taaleem Foundation achieved global recognition as the "Social Entrepreneurship Project of the Year" by the esteemed 'PUSH Institute' at the University of Minneapolis. This prestigious honor marked the Taaleem Foundation as one of the standout success stories in Asia, alongside the Grameen Mobile of Bangladesh. Such recognition led to an invitation for the Taaleem Foundation to share its invaluable experience, opening the door to the potential replication of its ground-breaking model in Africa and Latin America, as a powerful weapon to combat illiteracy, poverty, and crime.

GLOBAL GOOD GOVERNANCE AWARD

"In May 2016, at the Global Donors Forum in Istanbul, Taaleem Foundation proudly received the 2016 Global Good Governance Award from 'Cambridge IF Analytical,' marking a significant milestone in its commitment to excellence in governance and social impact."

SATHA INNOVATION AWARD

"In August 2017, during the SATHA Summit in Quetta, Balochistan, Taaleem Foundation was honored with the prestigious SATHA Innovation Award of 2017, a testament to our pioneering approach to elevating social well-being through innovation."

PROJECTS

“YOUTH EMPOWERMENT AND ENERGY CONSERVATION FOR SUPPORTING STEM, NRM, AND RURAL DEVELOPMENT”

This project is jointly funded by Islamic Development Bank (IsDB) and Taaleem Foundation. Through this project 10 educational institutions of Elementary & Secondary Education GOAJK will be made as Smart Community hubs through deployment of IT-infrastructure, e-Learning platform, educational technologies and solar energy for providing digital/STEM education, skill development, biodiversity conservation and economic uplift of this neglected area of Pir Chinasi.

TF TAKES OVER TTC KHARAN

Management of Technical Training Centre Kharan: TF enhances vocational training in Balochistan, offering courses in construction, mining, industrial technologies, and renewable energy.

ROLL OUT E-SCHOOL SOLUTION IN SOUTH PUNJAB

Deploying e-School Solution in South Punjab: TF, partnering with the School Education Department of South Punjab, launches its e-School solution in eight schools in Jahanian tehsil, Khanewal district.

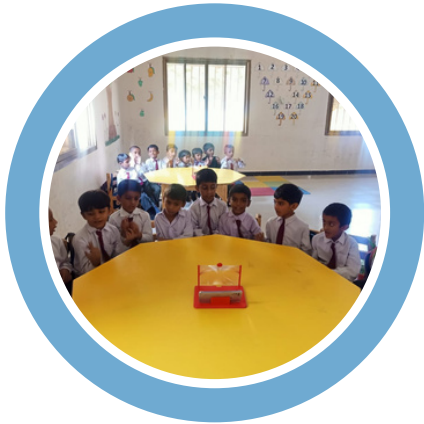

TEACHERS TRAINING ON EDUCATION TECHNOLOGIES

Taaleem Foundation equips its teachers with 21st century skills by providing them Edtech training.

PEOPLES SCHOOL TANDO ALLAHYAR

In partnership with the Sindh Education Foundation, we operate the Peoples School Tando Allahyar—a premier institution dedicated to providing modern, quality education to underserved communities. With state-of-the-art classrooms and a team of highly qualified, committed educators, the school offers free education to approximately 800 students, making it one of the region's leading educational institutions.

VOCATIONAL TRAINING IN SUI, DERA BUGTI

Vocational Training institute trains 250 plus youth every year in employable skills who are contributing in the economic growth of the area.

TAALEEM FOUNDATION PRIORITIZES THE COMPREHENSIVE DEVELOPMENT OF EACH CHILD IN ALL ITS SCHOOLS.
